Location

The business is located within a busy parade on Farringdon Road close to the junction with Broadway. There is free parking on the street and access to the parade is straightforward with good road links and there are also bus stops and a Metro station nearby.

Cullercoats is an extremely popular suburb of North Tyneside and is located between Whitley Bay and Tynemouth.

Business

This business was established by our client in 2000 and trades as a traditional beauty salon offering a wide range of non-surgical treatments. The business is on the market as our client is currently only working 3 days and wishes to further reduce her work commitments.

The premises are currently configured to provide a small waiting and reception area to the front which incorporates two nail bar stations with the rest of the main area being taken up with two treatment rooms. To the rear of the unit there is a kitchen and W.C. and, overall, the premises are in good order.

This business is well supported with a high number of local customers, most of whom have supported the salon for many years. There are strong levels of captive trade generated by the nearby housing estates and the free street parking benefits the clients from further afield.

There is genuine scope for a new full-time owner to incorporate additional services or treatments.
