Business Opportunity

Premier Bike was established in 2012 to provide motorbike training in Northumberland and over this period has grown to become a reputable business delivering professional, in-depth quality training. The instructors have over 60 years of riding experience between them and the business has been placed on the market as the current owner is retiring.

Premier Bike operates as a fully compliant Driving and Vehicle Standards Agency (DVSA) approved training body and is currently based in Bedlington. The school offers a full range of professionally delivered courses that include Compulsory Basic Training (CBT) and training for all motorbike licence categories. Other services offered include refresher and intermediate training together with advanced riding for those who wish to improve their current riding skills.

The school is highly reputable with students travelling to their lessons from as far afield as Hexham in the west of the county to Jedburgh in the Scottish Borders. The social media feedback is excellent and today, more than ever, this is one of the best advertisements for any business.

The business has bookings in place so any new owner will be able to generate income immediately on takeover. The business has scope to grow and would be ideal for a partnership or for a larger entity looking to expand into the region.

Equipment

There are 19 bikes used by the school plus a small range of garage and maintenance equipment. A full inventory of the motorbikes can be provided.
