Location

This business and property is located on the main A184 road which runs through East Boldon towards Sunderland. The property forms part of a larger commercial terrace and the immediate area is a mixture of retail, leisure and residential accommodation with the benefit of on street parking.

East Boldon is a popular suburb to the north west of Sunderland with excellent access from the A19 which links Teesside, South Tyneside and North Tyneside. East Boldon has a good local infrastructure with the benefit of both a railway and Metro station.

Business

Breeze started trading in East Boldon from 1993 and moved to the current site in 2011. As you would expect, over this 30+ year period the business has built up a loyal customer base and now has an enviable reputation for its range of quality products and dynamic levels of stock.

The ground floor of this property provides an open plan display area comprising a range of interior furniture, accessories and lighting. To the upper floors there are a number of themed spaces laid out as bedrooms, dining rooms and living spaces with additional displays on the landing areas. The lower ground floor provides some valuable storage space and there are office and staff welfare facilities to the rear of the ground floor sales space.

The customer base comprises a mixture of locals together with high numbers of customers from further afield, helped by the easy road access and street parking. During Covid the online element of the business grew substantially with the online sales now contributing up to 70% of the turnover.

This is a well-established and profitable trading opportunity with scope for development and the benefit of a rare freehold title.
